

CHANDELIER

Live Archive

A memorable night organized by our good friends at the Sophisticated Rock Magazine, which saw the band perform with Toni Molf Mollo for the first time - and thus the first time we played Toni's signature Grobschnitt hit WIE DER WIND. Obviously Toni was also duetting with Martin on ALL MY WAYS and - as a surprise encore - on ABBAS SOS. Another premiere was HALF EMPTY HALF FOOL, whose first part kicked off the show before the traditional opener START IT takes over.

Overall a very nice sounding soundboard recording of a fun night with a great crowd.
